**RE: Warren Wind Power Project
EDR Project No. 05-009**

Dear Ms. Morgan:

Environmental Design and Research, P.C. is compiling environmental information as part of a feasibility study for a proposed project in the Towns of Columbia, Warren, and Stark in Herkimer County, New York. I would like to receive any information you may have concerning documented endangered and threatened wildlife and plant species in this area. I have enclosed two maps of the project site, which is located on the Jordanville, Millers Mills, and Van Hornesville USGS 7.5 Minute Quadrangles.

Thank you for your assistance with this matter. I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Schwabenbauer".
